Rev A. Judy Stacey Phelps (as mrs. T. always calls you)

Dear Brother,

69

Our County meeting at Andover comes on the 12th of Sept. We must count on your presence - I wish it could be a week earlier or later - so as to allow me to be free to attend the meeting of the Board of Missions at Portland the same day - But I suppose it might interfere with some other county meeting or some other plan. Well - how goes the World? You see what they have done at Haverhill about the women - and Johnson's notes of exultation at it - I think we must have it up at Andover at all events - I do not like the sneering tone of the Emancipator on the subject in recent Articles - do you?

Our paper we must have - and with God's help, we will speedily - now listen to a faint whisper - If we can get names enough

to start it, What say you to a transfer
of it to Boston, with (secret a.a.p.) for Editor?
Our friends in Norfolk Co. gave us encour-
agement of aid - and are in favor of this
course, unless a better one can be devised.
A paper we must have - able & sound -
anti-Slavery, and not religious. So I
think now. Have you been to hear Thur-
en? When do you go - if at all?
Thompson & Lads tomorrow with
our book business & quarterly subscrip-
tion. precious time has been lost already.
I have engaged Pettibone for 12
weeks - could not engage any other -
One was feeble, another in love - others
must preach parts of the gospel the
people wanted to hear more than
they did this - We must have another
laborer a few weeks - orthodox and
judicious. Who can be obtained? Tell me
if you know. Our local agents work but

little except. Bronne, Thompson & myself-
and some of my people begin to fear my
health wont hold out if I do so much"-
I hear your wife is failing - may God help
and comfort her, and your Lord. dear
brother - Let me hear from you, on
all these points this week, if possible-
yours with affection,
Charles T. Torrey-
